This Is Why Your Dollar Buys 40c Extra Value - HERE and NOW

Back in 1929—when there wasn't a cloud in the business sky—we were facing a problem which called for a courageous decision. Our Spring sales year after year had increased prodigiously—but our increase in sales in the Fall season failed to keep pace. Five months in the year called for increases in our organization—since a relatively small percentage of people bought nursery stock in the Fall we found it hard to keep the enlarged organization complete and busy throughout the year.

Most nurserymen were making a small reduction in prices in the Fall to try to level up their volume—we decided to make possible a reduction two or three times as great by planting in greatly increased quantity for Fall sales. Accordingly, we arranged to grow roses by the hundreds of thousands of bushes for this 1931 season—and similarly great increases in those shrubs, perennials, etc., which are most advantageously planted in the Fall. We were determined to multiply Fall sales by adding large price concession to the great advantage gained by Fall planting in profusion and earliness of bloom.

Then came the deflation in all business, and we—with our policy of pushing two-year-old, well-rooted plants were not in position to meet the new conditions like manufacturers in any average line. Fall of 1931 finds us greatly overstocked—we have more plants to move than will be the case in Spring, 1932. That means that to move them we have had to forget profits and make offers so alluring that no one who knows values would think of passing them by.

That's why you can make a dollar buy more value than ever before! Why savings here and now range from 25% to 40%! Why we include the exceptional FREE GIFTS found throughout in this leaflet. Why we go further and make it pay any customer to tell his relatives and friends—so that they may group their orders and take advantage of these

Remarkable Bonuses in addition to low basic prices:

- 30c worth of plants FREE with your \$3.00 paid order
- 50c worth of plants FREE with your 5.00 paid order
- \$1.00 worth of plants FREE with your 10.00 paid order
- 1.50 worth of plants FREE with your 15.00 paid order
- 2.50 worth of plants FREE with your 25.00 paid order

FREE PLANTS to be YOUR CHOICE from items in this leaflet. Only one bonus to a customer—must be asked for when ordering. No cash deductions of bonus amounts permitted.

SPECIAL NOTICE

We know that because of methods perfected during our 71 years' experience, every item shipped to you should grow. To strengthen our plants, we transplant them several times here in the nurseries. Our packing, the latest in method, is minutely supervised—but climatic conditions and your care we can neither control nor guarantee.

If you want absolute protection and insurance against loss of plants, add 15% to prices in this leaflet to cover detailed expenses incident to replacement and we will promptly and cheerfully replace FREE up to June 1st, 1932, any plants which fail, for any reason. Without this extra payment when ordering, our responsibility is limited to safe delivery in good condition—customary procedure of the nursery business.

COLLINS FAMOUS "FAULTLESS FIVE"

We have added 115,000 new customers through this Faultless Five group in years past—the results secured from these sturdy, strong-rooted bushes have made most of these new buyers our staunch business friends. The only question has been "Why not offer other varieties at these lower prices, in such a group?" It's only possible by vast quantity production.

By years of planning, by production on a large scale of a longer list of finest fragrant varieties we are able to offer this Fall, two complete Faultless Five groups, as follows:

GROUP C

Radiance. Carmine - pink. Lovely salmon tints. The ideal bedding rose.

Etoile de France. Crimson. Marking of deeper color. Long stems. Excellent for cutting.

Madam Butterfly. Pink and gold. Apricot blendings. Exquisite in bud and flower. Floriferous.

Sunburst. Yellow. Deepens to orange at center of flower. Exquisite type. Sweet scented.

Betty. Coppery rose. Suffused with yellow. Sweet scented. Excellent autumn bloomer.

GROUP D

Lady Alice Stanley. Coral rose. Flesh pink inside. Perfect buds and flowers.

Red Radiance. Cerise red of Radiance. Equally worthy.

Kaiserin Augusta Victoria. Pure snow-white. Long-pointed buds produced on long, stiff stems. Healthy, strong grower.

Los Angeles. Flame pink and coral yellow. Graceful buds and flowers. Excellent for cutting.

Imperial Potentate. Rose pink. Silver at base. Perfect buds. Large well-formed flowers. \$1.25 ea.

You have wanted every one of these famous roses. But to pay 75c to \$1.25 for good 2-year-old field-grown bushes like these has possibly made you hesitate.

NOW is your chance. We have set aside less than a thousand of these groups for a test this Fall. While this limited supply lasts you can have these

5 sturdy 2-yr. Field-grown bushes (either group C or D) for only \$1.95

Postpaid

More than that! If you buy both Group C and D—10 roses in all for \$3.90—we include in your shipment, absolutely FREE, a fine 2-year field-grown bush of SOUV. DE CLAUDIUS PERNET.

This offer is subject to withdrawal without notice—as the Faultless Five group was created to make new friends, not profits—and was never offered before 1930 in the Fall bulletins to old customers.

Act at Once. Prompt delivery will assure you ample time to plant this Fall and gain next Spring in profusion of bloom.

Here is an old-fashioned garden. Glorious to look at, charming to cut, these plants will thrive and flower for each of you. Fall 1931 planting of this thoughtful selection will give you Spring-till-Fall 1932 happiness. TODAY, why not brighten up the old border or start a new garden with

New strains, new colors, new sizes, but still our grandmother's favorites, glorify the modern garden. Collins selections contain the strength of the old and the charm of the new. Fall is the time the experienced gardener chooses to get a year's size with six months of growing. Select from our inimitable list a Spring-to-frost succession of bloom with choicest blossoms for daily bouquets.

Heights attained and period of bloom are indicated and prices, unless otherwise noted, are POSTPAID as outlined above. Plant in groups of three or more for best effect.

Achillea, The Pearl. 2 ft. Myriads of snow-white, ball-shaped flowers. May to Oct.

Aquilegia (Columbine). Mrs. Scott Elliott. 2½ ft. Long-spurred, delicate blendings of pink, lavender, and yellow. May and June. 3 plants 75c, 12 for \$2.50.

Collins Sure-to-Bloom Bulbs at Sure-to-Please Prices

The Spring bulb garden is the gorgeous forerunner of the perennial pageant. Plant dozens, yes, hundreds of tulips, hyacinths, and daffodils among the roots of late flowering perennials, on the edge of the shrubby border, among the rockery crevices, and in bare stretches later to be filled with annuals. Easy to plant and sure to bloom, Spring flowering bulbs bring the first thrill of the season.

Prices lower than ever before—our large volume makes it possible to become direct American distributing point for one of Holland's famous growers.
